DETAILED ACTION

Claims 1, 4 and 6 are under consideration in this application.

Claims 2, 3 and 7-16 are held withdrawn from consideration as being drawn to nonelected subject matter.

Election/Restrictions

Applicant's election with traverse of Group II in the reply filed on June 24, 2005 is acknowledged. The traversal is on the ground(s) that Claim 1 is merely a generic claim. This is not found persuasive because for the reasons clearly set forth in the previous Office action. Groups II differs in scope from Group I. The prior art of record, US 5,965,583, shows that the inventions are patentably distinct in that the compound of claim 16 is set forth therein without resorting to the process of preparing.

The requirement is still deemed proper and is therefore made FINAL.

This application is in condition for allowance except for the presence of claims 2, 3 and 7-16 to an invention non-elected with traverse in the reply filed on June 24, 2005. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144). Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.
